RESPONSIBILITY

ESG COMMITMENT & PEOPLE

Our commitment to ESG extends beyond the projects we deliver. It shows in our people, our culture and the communities we support.

From safety and engineering governance to fundraising, volunteering and team initiatives, we invest in the wellbeing and develolment of our workforce.

SAFETY

OUR H&S COMMITMENT

Safety underpins everything we do. It is governed centrally, trained continuously amd measured openly.

GOVERNANCE

Through our behavioural safety programme, ***The Byrne Way,*** we built a culture where people look after themselves and each other.
It empowers every level to take responsibility for safety, which produces fewer incidents and a more engaged workforce.

TRAINING

We provide consultation, information and training on health, safety and welfare through our safety management system.
It covers safe plant, equipment and systems of work, and is reviewed regularly.

ONE GROUP

UNIFIED CAPABILITY

Byrne Group is a fully integrated construction specialist, uniting demolition, groundworks, concrete and building under one organisation. From a shared head office, our four divisions deliver a coordinated, end-to-end service.

That model reduces risk, accelerates decisions and holds quality consistent from enabling works through to completion. Clients get a single, trusted partner for complex projects.

Ellmer marked 150 years in 2025; Byrne Bros. has operated for over 57 years; Byrne Demolition and Byrne Groundworks for more than 56+ years.
